PROFESSIONAL SUMMARY

Associate Software Development Engineer with experience in C#, .NET, ASP.NET Web Forms, Web API, ADO.NET, and SQL Server. Currently developing and maintaining enterprise banking applications covering Loan Origination (LOS) and Loan Management (LMS), including REST API development for web and mobile applications. Experienced in feature development, change requests, debugging, database development, and UAT/release support.

EDUCATION

Bachelor of Engineering — Artificial Intelligence and Data Science

Dec 2021 – May 2025

Maharaja Institute of Technology Thandavapura, Mysore, Karnataka

CGPA: 9.0

TECHNICAL SKILLS

Languages C#, JavaScript, SQL

Backend .NET, .NET Core, ASP.NET, ASP.NET Web Forms, ASP.NET Web API, ADO.NET

Frontend HTML5, CSS3, JavaScript, jQuery, React.js

Database Microsoft SQL Server

APIs REST APIs, JSON, Request/Response Models

Tools Visual Studio, Git, TFS

EXPERIENCE

Associate Software Development Engineer

Aug 2025 – Present

Craftsilicon Asia Pvt. Ltd.

Bangalore, Karnataka

- Develop and maintain **BR.NET**, a web-based banking application supporting **Loan Origination System (LOS)** and **Loan Management System (LMS)** workflows using C#, .NET, ASP.NET Web Forms, ADO.NET, and SQL Server.
- Develop **BRCONNECT REST APIs** for integration with BR.NET and mobile applications using JSON-based request and response models.
- Implement **Change Requests, new screens, business logic, database changes, and application enhancements** based on functional requirements.
- Analyze and resolve application issues through **code-level debugging, SQL analysis, and Visual Studio debugging**.
- Support **UAT, build, release, and production deployment** activities while using Git and TFS for version control.

DevOps Engineer Intern

Sep 2024 – Feb 2025

Rooman Technologies

Remote

- Collaborated with a team to support cloud-native application deployment and DevOps workflows.
- Worked with Git/GitHub, Jenkins, Docker, and Kubernetes as part of application build and deployment activities.

AI/ML Intern

Nov 2023 – Dec 2023

Quantum Learners

Remote

- Worked on machine learning models and data preprocessing using Python and machine learning libraries.

- Gained practical experience in model development, data analysis, and machine learning workflows.

PROFESSIONAL PROJECT

BR.NET & BRCONNECT – Banking Application

C#, .NET, ASP.NET Web Forms, ASP.NET Web API, ADO.NET, SQL Server, JavaScript, jQuery

- Enterprise banking solution supporting **Loan Origination System (LOS)** and **Loan Management System (LMS)**.
- BRCONNECT provides REST APIs for communication between the BR.NET web application and mobile applications.
